

Date: 30/05/2026

To,
The Additional Director(s)
Regional Office (WCZ),
Ministry of Environment, Forest & Climate Change,
Ground Floor, East Wing, New Secretariate Building,
Civil Lines, Nagpur-440001, Maharashtra.

Sub: Submission of Environmental Clearance compliance for (June 2026) construction of KSH
Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP located at Gat
96/2/1, 96/2/2, 96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8 Village Shinde, Taluka Khed,
Chakan, Pune, Maharashtra 410505

Ref: Environment Clearance No. SIA/MH/INFRA2/496216/2024, Dated 11/07/2025

Respected Sir,

We are submitting the current Status of our construction work, monitoring reports, datasheet, and pointwise environmental clearance compliance status to various stipulations laid down by the Ministry of Environment and Forest in its Environment Clearance No. SIA/MH/INFRA2/496216/2024, Dated 11/07/2025 along with the necessary enclosure and annexure.

This is for your kind consideration and records. Kindly acknowledge the same.

Thanking you,
Yours Sincerely,
KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP

Authorized Signatory

Copy to:

The Member Secretary SEIAA, Environment Department, Room No.217, 2 nd floor, Mantralay, Annexe
Mumbai 400032

The Member Secretary, Maharashtra Pollution Control Board, Kalpataru Point, 2/3/4th floor, Sion Matunga
Scheme, Road No. 8, Opp. Sion Circle, Sion (East), Mumbai-400022.

The Regional Officer, Maharashtra Pollution Control Board, Jog Center, 3rd floor, Mumbai Pune Road,
Wakdevadi, Pune, Maharashtra 411003.

PART B

POINT WISE COMPLIANCE STATUS

PARTB:**2. Point wise compliance status to various stipulations laid down by the Ministry in its Clearance Letter No. SIA/MH/MIS/496216/2024. Dated 08.07.2025 are as follows:**

Sr. No.	Condition	Status
	Specific Conditions:	
A.	SEAC Conditions-	
1.	PP to submit Drainage NOC	Noted
2.	PP to submit revised & submit fire tender movement plan	We have already submitted fire tender movement plan along with December 2025 compliance report. Submitting again with June 2026 compliance report.
3.	With reference to the directions given by Hon'ble National Green Tribunal, Central Zone Bench, Bhopal in Original Application No. 93/2024(CZ) vide order dt., 08.09.2024, PP and consultant to jointly submit undertaking that the project site is not located in whole or in part within 5 km of the protected area notified under the wildlife (Protection) Act, 1972, critically polluted areas and severely polluted areas as identified by the CPCB, eco-sensitive areas notified under section 3(2) of the Environmental (protection) Act, and the inter-state boundaries.	Noted and adhered.
4.	PP to obtain IOD/IOA/Concession Document/plan Approval or any other form of documents as applicable clarifying its conformity with local planning authority and the planning authority shall not issue occupation certificate unless PP obtain the same.	We obtained and submitted the IOD at the time of the EC application (IOD letter number 6588)
5.	PP to Prepare and implement plan to make proposed project a plastic free zone.	There is no use and throwaway plastics inside our units.
6.	PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water.	We ensure that the proposed water to be used for construction phase should not be drinking water.
7.	PP and the planning authority shall ensure that, the construction and demolition waste (C & D waste) is collected and treated at designated places as per Construction and	Noted

	Demolition Waste Management Rules, 2016 amended from time to time.	
8.	PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021	We will provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021
9.	PP to ensure to achieve minimum 5% energy saving by using non-conventional energy sources.	We will ensure to achieve minimum 5% energy saving.
B	SEIAA Conditions-	
1.	PP has provided mandatory RG area of 6146.60 m ² on mother earth without any construction. Local planning authority to ensure the compliance of the same.	We will provide RG area of 6146.60 m ²
2.	PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable type and strength to increase the water permeability area as well as to allow effective fire tender movement.	Noted
3.	PP to achieve at least 5% of total energy requirement from solar/ other renewable sources.	We are achieving at least 5% of total energy requirement from solar.
4.	PP shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA.III dt.04.01.2019.	Noted and adhered
5.	SEIAA after deliberation decided to grant EC for-FSI- 31880.78, Non-FSI 356.22 m ² , Total BUA- 32237.12 m ² . (Plan approval-No IOD/BKH/Shinde/96/2/1/303/23-24/6588, dated- 28/10/2024).	Noted and adhered.
General Conditions		
a) Construction phase: -		
I	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.	Noted. The solid waste generated during construction phase is segregated and handed over to authorized dealer for further disposal.
II	Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.	Noted. All construction waste is collected & segregated properly. All of it is reused for the construction activity.
III	Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.	No hazardous waste generation during construction phase.

<u>IV.</u>	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.	Yes, noted and we will provide all the sanitation facility for construction workers. All required sanitary and hygienic measures like safe drinking water facility, Mobile toilets, First aid box will provide.
<u>V.</u>	Arrangement shall be made that waste water and storm water do not get mixed.	Separate waste water and storm water lines will be provided for the disposal of storm water and sewage water.
<u>VI.</u>	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.	Best practices to reduce water demand during construction phase will adopted. We used Pre-mixed concrete in the construction to reduce water demand.
<u>VII.</u>	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	Noted & adhered.
<u>VIII.</u>	Permission to draw ground water and construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.	Water requirement in construction phase is being supplied by Tanker Water supplier & water requirement during operation phase will be met through CGWA.
<u>IX.</u>	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure-reducing devices or sensor based control.	We use water efficient technologies in the project to reduce water consumption. Low flow fixtures will used for showers, toilet flushing.
<u>X.</u>	The Energy Conservation Building Code shall be strictly adhered to.	Noted & agreed.
<u>XI.</u>	All the topsoil excavated during construction activities should be stored for use in horticulture/ landscape development within the project site.	Top soil excavated during construction activities is stored and used for landscape development.
<u>XII.</u>	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	Excavated top soil was stored & used in landscaping.
<u>XIII.</u>	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	There is no threat to ground water quality by leaching of heavy metals & toxic contaminants as there is no activity involving heavy metals & other toxic contamination. Soil Analysis Report was attached. <u>Please refer the Annexure 1</u>
<u>XIV.</u>	PP shall strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975	Noted.

	as amended during the validity of Environment Clearance.	
<u>XV.</u>	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.	The acoustically enclosed diesel type generator sets which uses low Sulphur diesel will used which confirms to Environment (protection) Rules prescribed for air and noise emission standards.
<u>XVI.</u>	Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/ leakage.	Noted and adhered.
<u>XVII.</u>	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB	All the adequate measures will be implemented to keep ambient air & noise levels in and around construction premises within the permissible norms. Air & noise monitoring reports are attached. <u>Please refer the Annexure 1.</u>
<u>XVIII.</u>	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.	Noted and agreed. The proposed DG sets in the operation phase will be provided with acoustic enclosures, adequate stack height & sampling facility & also will use low Sulphur diesel.
<u>XIX</u>	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell/ designated person.	Noted & agreed. Regular supervision done by our site engineer to take care of the construction activity & of the surrounding.
<u>B)</u>	Operation Phase: -	
<u>I.</u>	a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. C) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.	We provided organic waste converter (OWC) facility.

<u>II.</u>	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.	Noted and adhered.
<u>III.</u>	a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100% treatment to sewage/ Liquid waste and explore the possibility to recycle at least 50% of water, Local authority should ensure this.	Noted & adhered. 100 CMD STP provide for waste water treatment. Treated water will be used for flushing and gardening.
<u>IV.</u>	Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.	Noted and adhered. We will ensure completion of STP, OWC and Green belt development prior to occupation of buildings.
<u>V.</u>	The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.	Noted and agreed.
<u>VI.</u>	Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.	There is no traffic congestion near the entry and exit points from the roads. Parking is fully internalized and no public space is being utilized.
<u>VII.</u>	PP to provide adequate electric charging points for electric vehicles (EVs).	Noted & will be implemented.
<u>VIII.</u>	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.	Noted.
<u>IX.</u>	A separate environment management cell with qualified staff shall be set up for	Noted.

	implementation of the stipulated environmental safeguards.	
<u>X.</u>	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item- wise break-up. These cost shall be included as part of the project cost. The funds earmarked for the environmentprotection measures shall not be diverted for other purposes.	Separate funds are allocated for implementation of EMP during construction phase and Operation phase. the fund which is allocated for environmental protection measures will not be diverted for any purpose. Find attached EMP report in <u>Enclosure 1.</u>
<u>XI.</u>	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at http://parivesh.nic.in	Advertisement was published in Local News Paper English & Marathi Copy of News Paper Advertisement was attached. <u>Please refer the Annexure 4.</u>
<u>XII.</u>	A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.	Noted and adhered. The EC copy attached. <u>Please refer Enclosure II.</u>
<u>XIII</u>	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteriapollutant levels namely; SPM, RSPM. SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall bemonitored and displayed at a convenient location near the main gate of the company in the public domain.	Noted and adhered. We are submitting six monthly reports regularly along with necessarily documents. Ambient Air Quality monitoring at project site as well as various locations are attached. <u>Please refer the Annexure 1.</u>
c)	General EC Conditions:-	
<u>I.</u>	PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.	Noted.
<u>II.</u>	If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a	PP has obtained "Consent to Establish" Certificate from

	copy shall be submitted to the Environment department before start of any construction work at the site.	PP has obtained "Consent to Establish from Maharashtra Pollution Control Board Vide No.: Format1.0/JD (WPC)/UAN No.0000222357/CE/2503001208 dated 08/03/2025 Please refer the Enclosure III & IV
<u>III.</u>	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.	Environmental clearance has been obtained from the MoEF as vide their ref. SIA/MH/INFRA2/496216/2024 Dated 08/07/2025 Please refer the Enclosure II.
<u>IV.</u>	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.	We are submitting six monthly reports along with necessary documents to the respective regional office of MOEF and the MPCB.
<u>V.</u>	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	Noted
<u>VI.</u>	No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.	Noted & agreed. We shall not make any expansion or modification of the project without the prior approval of the Ministry of Environment, Forest and Climate Change (MoEF & CC).
<u>VII.</u>	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing	Not Applicable.

	committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.	
<u>4.</u>	The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.	Noted & agreed.
<u>5.</u>	This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.	Noted & agreed.
<u>6.</u>	In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.	PP has noted and agreed to follow the stipulated condition.
<u>7.</u>	Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.	Noted & agreed.
<u>8.</u>	The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Waste (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.	Noted & agreed.
<u>9.</u>	Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1 st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.	Noted & agreed.

Please find the same enclosed along with this letter.

Please find all the above mentioned in order and kindly acknowledge the receipt of the same.

PROJECT DETAILS**PART I**

Name & Location	:	KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP located at Gat 96/2/1,96/2/2,96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8 Village Shinde, Taluka Khed, Chakan, Pune, Maharashtra
Total no. Of workers to be employed during the construction phase.	:	100 Nos
Total Project cost	:	Rs. 99.20 Cr only.
Project infrastructure	:	KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP located at Gat 96/2/1,96/2/2,96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8 Village Shinde, Taluka Khed, Chakan, Pune, Maharashtra
	:	Total Plot Area – 61466.0 m ² Total Built-Up Area – 32237.12 m ²
Water Requirement and Sources	:	During Construction Phase - From Tankers:20 m ³ /day (depending upon the activity) During Operational Phase - Total Water Requirement- 139.73 CMD Recycled water-75.25 CMD, Fresh Water- 64.47
Sewage generated	:	Waste water Generation: 87.04 CMD
Power	:	During Construction Phase - 1. From MSEDCL: 75 KW Operational Phase - From MSEDCL connected load During Operation Phase (Connected Load): 3479.52 KW During Operation Phase (Demand Load): 3085.50 KW D.G Set of Capacity: 1Nos x 125 KVA, Transformer: 1No. 800 KVA,
Gaseous emissions	:	Pollutants like SPM, and SO ₂ may arise from emissions from DG Sets that will be connected to an appropriately designed vent.
Solid waste from: Garbage: Operation Phase 1. Dry 2. Wet 3. STP sludge	:	45 kg /day. (During Construction Phase) Industrial 484 kg /day. 322 kg/day 9.75 kg/day

PART II ENVIRONMENTAL IMPACTS AND MANAGEMENT PLAN

No.	Environment al Issues/Impac ts	Mitigation measures	Responsibility	Legal &Other requirements
LOCATION SPECIFIC				
1.	Level difference inLand	- For minimum cutting and filling on site, parking level are planned along the contours and proposed formation levels shall be created by using ramp along thenatural slope. - Proper measures shall be adopted for noise and dust suppression on site and insurrounding areas	Project Proponents /Architects	--
2.	Loss of vegetation	Good Landscaping with good plantation	Contractor/ Project Manager	--
DESIGN SPECIFIC				
1.	Building Height	Height of the building is in accordance with the local planning permissions and aviation NOC	Architects	Guidelines of PMRDA
2.	Incremental runoffdue to Increase in paved areas	Planned RG area: 6146.60 m ² Minimizing the incremental runoff from the site with the help of rain water harvesting	Architects	--
CONSTRUCTION PHASE				
1.	Increase in water demand (15-20 KLD) due to water usage forconstruction, dust suppression and for workers	- Curing water shall be sprayed on concrete structures, free flow of water shall not be allowed for curing. (By use of curing compound) - Use of wet jute cloth/gunny bags instead of water spray for curing activity.	Contractor & Project Manager	--

2.	Sewage generation and disposal	- Disposal of sewage generated to sewerline - Daily watch on sanitation facilities, drains & good housekeeping	Contractor & Project Manager	Water (P & CP) Act 1974
3.	Municipal solid waste generation (45 kg/day) by workers	- Segregation of Biodegradable (27 kg/day) and non-biodegradable garbage (18 kg/day) - Disposal of segregated waste to local body.	Contractor & Project Manager	--
Construction activity				
a.	Dust generation	- Provision of compound wall of adequate height along the periphery of the site - Use of covering sheets while transporting the material	Contractor/ Proponents	--
b.	Noise & Vibration	- Regular noise monitoring to be scheduled to maintain the noise level within the levels prescribed by CPCB during day and night time - Provision of ear plugs to workers - No noise polluting work in night shifts - Provision of barricades along the periphery of the site		
c.	Disruption of soil & runoff	Sedimentary controls to be implemented		
d.	Oil leaks	- Regular maintenance of machineries to prevent and repair leaks - Contaminated soil (if any) disposed to authorized CHWTSDF		
e	Generation of construction waste - Debris/ Excavation material	- Quantity of the debris: - Rock - Used for plinth refilling & road formation - Disposal of hazardous waste to CHWTSDF - Construction waste (Empty Cement Bags, Paint container, other Barrels & Scrap metal) will be handed over/sold to Authorized recyclers	Contractor/ Proponents	--
6	Vehicular movement - Increase in traffic - Air emissions & Noise - Oil leaks	- Proper traffic management for the construction vehicle - Regular maintenance of vehicles with	Project Manager	--
		suitable enclosures and intake silencers Planning and ensuring effective implementation of the waste movement plan for loading and offsite movement in non-traffic hours		

7	Use of DG sets may leads to air and noise pollution	• DG sets with inbuilt acoustice nclosures • Site compound wall • Regular maintenance	Project Manager	--
8	Impact on health of workers Accidents, Hazards, injuries to workers	• Adequate drinking water, canteen, toilet and bathing facilities • First aid facility • Regular health checkup of workers • Risk assessment and preparation of disaster management plan • Provision of temporary water tank for firefighting and appropriate fire suppression measures • Safety educational and awareness programme • Proper security arrangements	Safety officer	--
OPERATION PHASE				
1.	Increase in water demand	• Use of treated sewage for flushing (32.23 CMD) and gardening (43.02 CMD) • Use of Treated Waste Water for flushing and gardening resulting in reduction of Net water demand by 54 %	Project Proponents/ Society/ Facility Management system	Water Act 1974 as amended
2.	Sewage generation	• Provision of STP of capacity 100 KLD for treatment of sewage up to tertiary level. • Proper operation and maintenance of STP and Daily analysis of general parameters like pH, BOD, COD and TSS & O & G of the STP outlet to ensure good treatment of waste water with the help of sensors • Ventilation around the STP • Proper arrangements for sludge handling and disposal	Project Proponents/ Society/ Facility Management system	--
3.	Incremental Runoff from site	• Minimizing the incremental runoff from the site with the help of rain water harvesting pits • Proper management of channelization of storm water from site by using proper internal SWD system and two discharge points of having adequate Capacity	Project Proponents/ Society/ Facility Management system	

		• Use of screens and silt traps to SWD • Proper maintenance of storm water drainage to avoid choking of drains and flooding on site • Ensure discharge of storm water from the site is clear of sediment and pollution • Provision of sump pumps • External drain of adequate capacity		
4.	Power demand	Provision of energy saving measures: As per MSEDCCL requirements, we are planned to use high efficiency Transformer & to reduce losses. Losses for Transformer will be as per IS standards & ECBC norms. Following are the Energy efficient fixtures should be used in our project for energy conservation:-	Project Proponents/ Society/ Facility Management system	
5.	Use of DG sets may lead to air and noise pollution	• Stack height as per CPCB norms • DG sets with inbuilt acoustic enclosures	Project Proponents/ Society/ Facility Management system	CPCB specification
6.	Vehicular movement • Increase in traffic • Air emissions & Noise • Contamination of soil (if any) leads to Oil leaks	• Provide adequate traffic signs and signage's to notify residents • Install safety mirrors to aid visibility in conflict points • Prevent parking near the Entry and Exit Gate • Provide speed humps to regulate speed of vehicles • Provide pedestrian crossings and dedicated footpath to cater to the walking population • Assign traffic wardens to regulate flow of project traffic during peak hours	Project Proponents/ Society/ Facility Management system	--
7.	Odour and unsanitary conditions due to STP and Composting of biodegradable garbage	• Ventilation around STP and OWC area • Proper housekeeping and maintenance	Project Proponents/ Society/ Facility Management system	Air act 1981, as amended

8.	Municipal waste & other solid waste generation	- Informing and educating occupants for solid waste management - Provision of adequate space (OWC) for solid waste management. Proper	Project Proponents/ Society/ Facility	--
		segregation on site to biodegradable and non-biodegradable. - Non-recyclable waste (484kg/day): To - Biodegradable waste (322 kg/day) Treatment in Organic Waste Converter (OWC) - End product from OWC and sludge generated from STP shall be used as manure on site - Quarterly monitoring of manure	Management system	
9	Disasters like Fire, lightning, Earthquake etc.	- Preparation of Disaster Management Plan - Provision of Safety officer, Security and First aid team - Regular review of DMP and mock drill - Effective implementation of DMP	Safety Officer	CFO NOC

PART III**ALLOCATION MADE FOR ENVIRON-MENTAL MANAGEMENT PLANS****DURING OPERATION PHASE: CAPITAL INVESTMENT FOR ECOFRIENDLY FEATURES**

Sr. No	Project	Details	Capital Cost (Rs. Lakhs)	O & M Cost/Yea (Rs. Lakhs)
1	Sewage Treatment Plant	STP plant	69.85	7.59
2	Rain Water Harvesting	RWH pits & network	47.0	1.41
3	Solid Waste	OWC	13.50	5.45
4	Landscape	Plantation	92.19	7.37
6	Energy Savings	Energy Conservation	70.0	10.0
7	Environmental Monitoring	Through Lab	0	4.0

kshviparivesh@gmail.com

Subject: Grant of EC under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your application for Grant of EC under the provision of the EIA Notification 2006-regarding in respect of project KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP submitted to Ministry vide proposal number SIA/MH/INFRA2/496216/2024 dated 12/09/2024.

2. The particulars of the proposal are as below :

(i) EC Identification No.	EC24C3806MH5522561N
(ii) File No.	SIA/MH/INFRA2/496216/2024
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	8(a) Building / Construction
(vii) Name of Project	KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP
(viii) Name of Company/Organization	KSH INFRA PARK VI PRIVATE LIMITED
(ix) Location of Project (District, State)	PUNE, MAHARASHTRA
(x) Issuing Authority	SEIAA
(xi) Applicability of General Conditions	no
(xiii) Applicability of Specific Conditions	no

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-1(Part A and B) were submitted to the Ministry for an appraisal by the State Environment Impact Assessment Authority(SEIAA) Appraisal Committee (SEIAA) in the Ministry under the provision of EIA notification 2006 and its subsequent amendments.

4. The above-mentioned proposal has been considered by State Environment Impact Assessment Authority (SEIAA) Appraisal Committee of SEIAA in the meeting held on 08/05/2025. The minutes of the meeting and all the Application and documents submitted [(viz. Form-1 Part A, Part B, Part C EIA, EMP)] are available on PARIVESH portal which can be accessed by scanning the QR Code above.
5. The brief about configuration of plant/equipment, products and byproducts and salient features of the project along with environment settings, as submitted by the Project proponent in Form-1 (Part A, B and C)/EIA & EMP Reports/presented during SEIAA are annexed to this EC as Annexure (1).
6. The SEIAA, in its meeting held on 08/05/2025, based on information & clarifications provided by the project proponent and after detailed deliberations recommended the proposal for grant of EC under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of specific and general conditions as detailed in Annexure (2).
7. The SEIAA has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the State Environment Impact Assessment Authority (SEIAA) Appraisal Committee hereby decided to grant EC for instant proposal of M/s. Mr Rohit Kushal Hegde under the provisions of EIA Notification, 2006 and as amended thereof.
8. The Ministry reserves the right to stipulate additional conditions, if found necessary.
9. The EC to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. This issues with the approval of the Competent Authority.

Annexure 1**Specific EC Conditions for (Building / Construction)****1. Specific**

S. No	EC Conditions
1.1	During discussion following points emerged: 1. PP to submit drainage NoC. 2. PP to revise and submit fire tender movement plan. 3. With reference to the directions given by Hon'ble National Green Tribunal, Central Zone Bench, Bhopal in Original Application No. 93/2024(CZ) vide order dt., 08.09.2024, PP and Consultant to jointly submit undertaking that the project site is not located in whole or in part within 5 km. of the protected area notified under the Wildlife (Protection) Act, 1972, critically polluted areas and severely polluted areas as identified by the CPCB, eco-sensitive areas notified under Section 3(2) of the Environment (Protection) Act, and the inter-state boundaries. 4. PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per prevailing Hon'ble Supreme Court Order. PP to obtain all mandatory NOCs from the concerned planning authority and the planning authority shall not issue occupation certificate unless PP obtains the same. 5. PP to prepare and implement plan to make proposed project a plastic free zone. 6. PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water. 7. PP and the planning authority shall ensure that, the construction and demolition waste (C & D

S. No	EC Conditions
	waste) is collected and treated at designated places as per Construction and Demolition Waste Management Rules, 2016 amended from time to time. 8. PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021. 9. PP to ensure to achieve minimum 5% energy saving by using non-conventional energy source. Decision: - After deliberation, Committee decided to recommend the proposal for Environmental Clearance to SEIAA, subject to compliance of above points.

Annexure 2

Details of Products & By-products

Name of the product /By-product	Product / By-product	Quantity	Unit	Mode of Transport / Transmission	Remarks (eg. CAS number)

Reference : Application no. SIA/MH/INFRA2/496216/2024

This has reference to your communication on the above-mentioned subject. The proposal was considered by the SEAC-3 in its 203rd meeting under screening category 8 (a) B2 as per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 292nd (Day-2) meeting of State Level Environment Impact Assessment Authority (SEIAA) held on 8th May, 2025.

2. Brief Information of the project submitted by you is as below:-

1.	Proposal Number	SIA/MH/INFRA2/496216/2024	
2.	Name of Project	KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP located at Gat 96/2/1,96/2/2,96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8 Village Shinde, Taluka Khed, Chakan, Pune, Maharashtra 410505	
3.	Project category	8a (B2)	
4.	Type of Institution	Private Limited	
5.	Project Proponent	Name	Mr. Rohit Kushal Hegde
		Regd. Office address	461/2, Sadashiv Peth, Tilak Road, Near New English School, Pune 411030, Maharashtra.
6.	Consultant	Element Consultancy Services, Pune (NABET Certificate No. NABET/EIA/2326/IA 0127, Valid up to 11/08/2026)	
7.	Applied for	New Project	
8.	Details of previous EC	NA	
9.	Location of the project	Located at Gat 96/2/1,96/2/2,96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8 Village Shinde, Taluka Khed, Chakan, Pune, Maharashtra 410505	
10.	Latitude and Longitude	Latitude:18°46'25.87"N, Longitude:73°44'57.90"E	
11.	Total Plot Area (m ²)	61466.0 m ²	
12.	Deductions (m ²)	3073.30 m ²	

13.	Net Plot area (m ²)	58392.70 m ²			
14.	Proposed FSI area (m ²)	31880.78			
15.	Proposed non-FSI area (m ²)	356.22			
16.	Proposed TBUA (m ²)	32237.12 m ²			
17.	TBUA (m ²) approved by Planning Authority till date	-			
18.	Ground coverage (m ²) & %	30495.12 sq. m			
19.	Total Project Cost (Rs.)	99.20 Cr			
20.	CER as per MoEF & CC circular dated 01/05/2018	will follow the conditions mentioned in OM			
21.	Details of Building Configuration:				
Previous EC / Existing Building: - n.a.	Proposed Configuration				
	Building A1	Name	Configuration	Height (m)	
		Building A1	Shed	Ground Floor	11.25
		Office Block	G+1	10.20	
	Building A2	Office Block	G+1	10.20	
		Building A2	Shed	Ground Floor	10.88
		Office Block	G+Mezz	4.50	
Office Block	Mezz.	4.00			
22.	Total number of tenements	Total 2 Nos. of industrial shed, Total Population 3224 Nos.			
23.	Water Budget	Dry Season (CMD)		Wet Season (CMD)	
		Fresh Water	64.47	Fresh Water	64.474
		Recycled (Gardening)	43.02	Recycled (Gardening)	17.20
		Recycled Flushing	32.23	Recycled Flushing	64.47
		Swimming Pool	NA	Swimming Pool	NA
		Total	139.73	Total	146.14
		Waste water generation	87.04	Waste water generation	87.04
24.	Water Storage Capacity for Firefighting / UGT	Domestic UG tank- 82.77 CMD Flushing water tank- 75.25 CMD Fire UG tank – 500 CMD			
25.	Source of water	Local Body –CGWA/MJP/MIDC			
26.	Rainwater Harvesting (RWH)	Level of the Ground water table		Pre-Monsoon: 8-11m Post Monsoon: 6-8m	
		Size and no of RWH tank(s) and Quantity:		NA	
		Quantity and size of recharge pits:		17 Nos of recharge pits Size: 2.0mX2.0mX2.0m	
		Details of UGT tanks if any:		NA	
27.	Sewage and Wastewater	Sewage generation in CMD:		87.04	
		STP technology:		MBBR	
		Capacity of STP (CMD):		100 KLD	
28.	Solid Waste Management during Construction Phase	Type	Qty. (kg/d)	Treatment / disposal	
		Dry Waste	15 Kg/day	Through authorized vendor	
		Wet waste	10 Kg/day	Organic waste composter	
		Construction waste	Steel, Tiles, Excavated material etc	Will be handed over to authorized recycler. Top soil will be used for landscaping.	
29.	Solid Waste Management during Operation Phase	Type	Quantity (kg/d)	Treatment / disposal	
		Dry waste:	484 kg/day	Will be handed over to authorized recycler	
		Wet waste:	322 kg/day	Will be treated in OWC	
		Hazardous waste:	Negligible	Handed over to authorized recyclers	
		Biomedical waste	NA	NA	

		E-Waste	13.0 kg/day	Will be handed over to authorized recycler		
		STP Sludge (dry)	9.75 kg/day	Will be used as manure for gardening purpose		
30.	Green Belt Development	Total RG area (m ²):		6146.60 m ²		
		Existing trees on plot:		0		
		Number of trees to be planted:		769 Nos		
		Number of trees to be cut:		00		
		Number of trees to be transplanted:		00		
31.	Power requirement	Source of power supply:		MSEDCL		
		During Construction Phase (Demand Load):		100 kVA		
		During Operation phase (Connected load):		3479.52 KW		
		During Operation phase (Demand load):		3085.50 KW		
		Transformer		1 X800 KVA		
		DG set:		1 X125 KVA		
		Fuel used:		Diesel		
32.	Details of Energy saving	Auto Timer Control for external, common area and utility buildings lightings., Use of LED lamps inside the building, external lighting of the buildings and utility areas.,Solar PV Panel for powering common area lighting & utility is proposed Detail calculations & % of saving: - 5 %				
33.	EMP budget during Construction phase	Type	Details	Cost		
		Capital	Air, water, land, biological environment	10 Lakh		
		O&M	Air, water and Noise Monitoring	5 Lakh/Annum		
34.	Environmental Management plan Budget during Operation phase	Component		Details	Capital (Lacs)	O&M (Lac/Y)
		Storm water		-	-	-

		2-Wheeler	482	482	2.0	
		Bicycles	482	482	0.70	
		Trucks/containers	25	25	28.13	
36.	Details of Court cases / litigations w.r.t. the project and project location if any.					No

3. Proposal has been considered by SEIAA in its 292nd (Day-2) meeting held on 8th May, 2025 and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and

conditions-

Specific Conditions:

A. SEAC Conditions-

1. PP to submit drainage NoC.
2. PP to revise and submit fire tender movement plan.
3. With reference to the directions given by Hon'ble National Green Tribunal, Central Zone Bench, Bhopal in Original Application No. 93/2024(CZ) vide order dt., 08.09.2024, PP and Consultant to jointly submit undertaking that the project site is **not** located in whole or in part within 5 km. of the protected area notified under the Wildlife (Protection) Act, 1972, critically polluted areas and severely polluted areas as identified by the CPCB, eco-sensitive areas notified under Section 3(2) of the Environment (Protection) Act, and the inter-state boundaries.
4. PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions indicating all required RG area as per prevailing Hon'ble Supreme Court Order. PP to obtain all mandatory NOCs from the concerned planning authority and the planning authority shall not issue occupation certificate unless PP obtains the same.
5. PP to prepare and implement plan to make proposed project a plastic free zone.
6. PP to ensure to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP to ensure that, the water proposed to be used for construction phase should not be drinking water.
7. PP and the planning authority shall ensure that, the construction and demolition waste (C & D waste) is collected and treated at designated places as per Construction and Demolition Waste Management Rules, 2016 amended from time to time.
8. PP to provide electric charging facility by providing charging points at suitable places as per Maharashtra Electric Vehicle Policy, 2021.
9. PP to ensure to achieve minimum 5% energy saving by using non-conventional energy source.

B. SEIAA Conditions-

1. PP has provided mandatory RG area of -6146.60 m² on mother earth without any construction. Local planning authority to ensure the compliance of the same.
2. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
3. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
4. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA III dt.04.01.2019.
5. SEIAA after deliberation decided to grant EC for- FSI- 31880.78 m², Non FSI- 356.22 m², total BUA- 32237.12 m². (Plan approval No IOD/BKH/Shinde/96/2/1/303/23-24/6588 dated 28.10.2024).

General Conditions:**a) Construction Phase :-**

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be

closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.

- XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.

- X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
- XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in
- XII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIII. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.
- II. If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- VII. This environmental clearance is issued subject to obtaining NOC from Forestry &

Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.
5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.
6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.
7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.
8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.
9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

 96/2/6, 96/2/7, 96/2/8, Village- Shinde, Tal.
 Khed, Dist. Pune

**Sub: Consent to Establish for Establishment of Industrial & Logistic Park
 Granted Under Orange Category**

Ref: Your application no. MPCB-CONSENT-0000222357 dtd. 19/11/2024.

Your application NO. MPCB-CONSENT-0000222357

For: Grant of Consent to Establish under Section 25 of the Water (Prevention & Control of Pollution) Act, 1974 & under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Authorization / Renewal of Authorization under Rule 6 of the Hazardous & Other Wastes (Management & Transboundary Movement) Rules 2016 is considered and the consent is hereby granted subject to the following terms and conditions and as detailed in the schedule I,II,III & IV annexed to this order:

- The Consent to Establish is granted for a period upto commissioning of project or up to 5 year whichever is earlier.**
- The capital investment of the project is Rs.98.89 Cr. (As per undertaking submitted by pp).**
- The Consent to Establish is valid for Industrial & Logistic Park named as KSH Infra Park VI Pvt Ltd & Synergy Logistics & Solister Realty LLP, Gat 96/2/1,96/2/2,96/2/3, 96/2/4, 96/2/5, 96/2/6, 96/2/7, 96/2/8, Village- Shinde, Tal. Khed, Dist. Pune on Total Plot Area of 61466 Sq Mtrs for construction BUA of 32237.12 Sq Mtrs as per IOD/sanction plan approved by PMRDA including utilities and services**
- Conditions under Water (P&CP), 1974 Act for discharge of effluent:**

Sr No	Description	Permitted (in CMD)	Standards to	Disposal
1.	Trade effluent	Nil	NA	NA
2.	Domestic effluent	87.05	As per Schedule - I	The treated effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, cooling tower make up, firefighting etc. and remaining shall be connected to the sewerage system provided by local body

5. **Conditions under Air (P& CP) Act, 1981 for air emissions:**

Stack No.	Description of stack / source	Number of Stack	Standards to be achieved
S1 & S2	DG Set (125 KVA x 2 Nos.)	1	As per Schedule -II
S3	DG Set (500 KVA)	1	As per Schedule -II
S4,S5,S6,S7	DG Set (750 KVA x 4 Nos.)	1	As per Schedule -II

6. **Conditions under Solid Waste Rules, 2016:**

Sr No	Type Of Waste	Quantity & UoM	Treatment	Disposal
1	Dry waste	492 Kg/Day	Segregation	Handed over to Authorized Vendor
2	Wet waste	328 Kg/Day	OWC	Use as Manure
3	E-Waste	12.33 Kg/Day	Segregation	Handed over to authorized vendor
4	STP Sludge (dry)	9.75 Kg/Day	Dewatering	Use as Manure

7. **Conditions under Hazardous & Other Wastes (M & T M) Rules 2016 for Collection, Segregation, Storage, Transportation, Treatment and Disposal of hazardous waste:**

Sr No	Category No.	Quantity	UoM	Treatment	Disposal
1	5.1 Used or spent oil	0.337	Ton/Y	NA	Authorized Reprocessors

8. The Board reserves the right to review, amend, suspend, revoke etc. this consent and the same shall be binding on the industry.
9. This consent should not be construed as exemption from obtaining necessary NOC/permission from any other Government authorities.
10. Project Proponent shall provide Organic waste digester with composting facility or biodigester with composting facility.
11. Project Proponent shall comply the Construction and Demolition Waste Management Rules, 2016 which is notified by Ministry of Environment, Forest and Climate Change dtd.29/03/2016.
12. The project proponent shall take adequate measures to control dust emission and noise level during construction phase.
13. PP shall obtain Environmental Clearance from competent authority for the proposed activity. PP shall not take effective steps towards construction without obtaining Environmental Clearance.
14. Every individual entity/unit proposed to set up in industrial shed shall obtain separate Consent to Establish & Operate from Board
15. PP shall allow only the non-polluting units and shall not allow industry/project of Category "A or B" mentioned in EIA notification 2006,in this Industrial & Logistic Park for ensuing non-applicability of Environmental Clearance under EIA notification 2006.
16. PP shall submit an affidavit in Boards prescribed format within 15 days regarding compliance of C to E & Environmental Clearance/CRZ Clearance.

This consent is issued on the basis of information/documents submitted by the Applicant/Project Proponent, if it has been observed that the information submitted by the Applicant/Project Proponent is false, misleading or fraudulent, the Board reserves its right to revoke the consent & further legal action will be initiated against the Applicant/Project Proponent.

Received Consent fee of -

Sr.No	Amount(Rs.)	Transaction/DR.No.	Date	Transaction Type
1	125000.00	MPCB-DR-29722	19/11/2024	RTGS

Copy to:

1. Regional Officer, MPCB, Pune and Sub-Regional Officer, MPCB, Pune II
- They are directed to ensure the compliance of the consent conditions.
2. Chief Accounts Officer, MPCB, Sion, Mumbai

SCHEDULE-I**Terms & conditions for compliance of Water Pollution Control:**

- 1) A] As per your application, you have proposed to provide MBBR based Sewage Treatment Plants (STPs) of combined capacity **100 CMD for treatment of domestic effluent of 87.05 CMD.**
- B] The Applicant shall operate the sewage treatment plant (STP) to treat the sewage so as to achieve the following standards prescribed by the Board or under EP Act, 1986 and Rules made there under from time to time, whichever is stringent.

Sr.No	Parameters	Limiting concentration not to exceed in mg/l, except for pH
1	pH	5.5-9.0
2	BOD	10
3	COD	50
4	TSS	20
5	NH4 N	5
6	N-total	10
7	Fecal Coliform	less than 100

- C] The treated domestic effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, cooling tower make up, firefighting etc. and remaining shall be utilized on land for gardening and connected to the sewerage system provided by local body.
- 2) The Board reserves its rights to review plans, specifications or other data relating to plant setup for the treatment of waterworks for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant shall obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system or and extension or addition thereto.
- 3) The industry shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- 4) **The Applicant shall comply with the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and as amended, and other provisions as contained in the said act.**

Sr. No.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Industrial Cooling, spraying in mine pits or boiler feed	0.00
2.	Domestic purpose	105.22
3.	Processing whereby water gets polluted & pollutants are easily biodegradable	0.00
4.	Processing whereby water gets polluted & pollutants are not easily biodegradable and are toxic	0.00
5.	Grandening/Other consumption	0

- 5) The Applicant shall provide Specific Water Pollution control system as per the conditions of EP Act, 1986 and rule made there under from time to time.

SCHEDULE-II**Terms & conditions for compliance of Air Pollution Control:**

- 1) As per your application, you have proposed to provide the Air pollution control (APC) system and also proposed to erect following stack (s) and to observe the following fuel pattern-

Stack No.	Source	APC System provided/proposed	Stack Height(in mtr)	Type of Fuel	Sulphur Content(in %)	Pollutant	Standard
S1 & S2	DG Set (125 KVA x 2 Nos.)	Acoustic Enclosure	3.50	HSD 55 Ltr/Hr	1	SO ₂	12 Kg/Day
S3	DG Set (500 KVA)	Acoustic Enclosure	3.50	HSD 106 Ltr/Hr	1	SO ₂	48 Kg/Day
S4,S5,S6,S7	DG Set (750 KVA x 4 Nos)	Acoustic Enclosure	3.50	HSD 600 Ltr/Hr	1	SO ₂	72 Kg/Day

- 2) The applicant shall operate and maintain above mentioned air pollution control system, so as to achieve the level of pollutants to the following standards.

Total Particular matter	Not to exceed	150 mg/Nm ³
-------------------------	---------------	------------------------

- 3) The Applicant shall obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
- 4) The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary).
- 5) **Conditions for utilities like Kitchen, Eating Places, Canteens:-**
- The kitchen shall be provided with exhaust system chimney with oil catcher connected to chimney through ducting.
 - The toilet shall be provided with exhaust system connected to chimney through ducting.
 - The air conditioner shall be vibration proof and the noise shall not exceed 68 dB(A).
 - The exhaust hot air from A.C. shall be attached to Chimney at least 5 mtrs. higher than the nearest tallest building through ducting and shall discharge into open air in such a way that no nuisance is caused to neighbors.

SCHEDULE-III**Details of Bank Guarantees:**

Sr. No.	Consent(C2E/C2O/C2R)	Amt of BG Imposed	Submission Period	Purpose of BG	Compliance Period	Validity Date
1	C2E	Rs. 10 Lakhs	15 Days	Compliance of Consent conditions	Upto Commissioning of Unit	Upto Commissioning of Unit

** The above Bank Guarantee(s) shall be submitted by the applicant in favour of Regional Officer at the respective Regional Office within 15 days of the date of issue of Consent.
 # Existing BG obtained for above purpose if any may be extended for period of validity as above.

BG Forfeiture History

Srno.	Consent (C2E/C2O/C2R)	Amount of BG Imposed	Submission Period	Purpose of BG	Amount of BG Forfeiture	Reason of BG Forfeiture
NA						

BG Return details

Srno.	Consent (C2E/C2O/C2R)	BG imposed	Purpose of BG	Amount of BG Returned
NA				

SCHEDULE-IV**Conditions during construction phase**

A	During construction phase, applicant shall provide temporary sewage and MSW treatment and disposal facility for the staff and worker quarters.
B	During construction phase, the ambient air and noise quality shall be maintained and should be closely monitored through MoEF approved laboratory.
C	Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.

General Conditions:

- 1 The applicant shall provide facility for collection of samples of sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2 The firm shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and Environmental Protection Act 1986 and Solid Waste Management Rule 2016, Noise (Pollution and Control) Rules, 2000 and E-Waste (Management & Handling Rule 2011.
- 3 Drainage system shall be provided for collection of sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No sewage shall be admitted in the pipes/sewers downstream of the terminal manholes. No sewage shall find its way other than in designed and provided collection system.
- 4 Vehicles hired for bringing construction material to the site should be in good condition and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 5 Conditions for D.G. Set
 - a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - d) Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - e) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - f) D.G. Set shall be operated only in case of power failure.
 - g) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - h) The applicant shall comply with the notification of MoEFCC, India on Environment (Protection) second Amendment Rules vide GSR 371(E) dated 17.05.2002 and its amendments regarding noise limit for generator sets run with diesel.

- 6 Solid Waste - The applicant shall provide onsite municipal solid waste processing system & shall comply with Solid Waste Management Rule 2016 & E-Waste (M & H) Rule 2011.
- 7 Affidavit undertaking in respect of no change in the status of consent conditions and compliance of the consent conditions the draft can be downloaded from the official web site of the MPCB.
- 8 Applicant shall submit official e-mail address and any change will be duly informed to the MPCB.
- 9 The treated sewage shall be disinfected using suitable disinfection method.
- 10 The firm shall submit to this office, the 30th day of September every year, the environment statement report for the financial year ending 31st march in the prescribed Form-V as per the provision of rule 14 of the Environmental (Protection) Second Amended rule 1992.
- 11 The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before commissioning of the project.

This certificate is digitally & electronically signed.
